ABSTRACT

This computer-searchable database, available on diskette in DOS and Macintosh versions, contains descriptions of approximately 475 video and other media products related to special education of students with disabilities and/or giftedness. Most of the products listed are videotape recordings; other formats include audiocassettes, films, filmstrips, and slides. Information provided for each database listing includes: title; subject; area of exceptionality; format; length; special features (such as discussion guides, teachers' guides, worksheets, and captioning for individuals with hearing impairments); description; intended audience; awards; producer; availability; and purchase and rental price.
